

Liz Day – Membership Secretary

Liz was born in Redhill in Surrey and educated in Reigate. On leaving school at the age of 17 she took a job in Lloyd's Bank before moving to work in the London Bridge accounts office of British Railways Southern Region. She moved to Swindon after her marriage in 1963.

As her family grew up, she joined the Council in 1977 when she took up a casual post in the Museum service, working in whichever of the museums needed her.

In 1980, Liz was offered (and accepted) a job in the Railway Cottage, where she then worked for 18 years before transferring to the main Railway Museum. She helped create the collection inventory and with packing artefacts ready for the move to STEAM where Liz still does the occasional shift at the front of house.

Liz took over as Membership Secretary of the Friends on the retirement of Reg and Audrey Palk in February 2005.

When not involved with STEAM or the Friends she enjoys village life in Wanborough, belonging to a walking group and drinking many cups of coffee and eating many lunches in the local pubs.
