

## WHY NOT YOU?

The day-to-day organisation of FOSRM is undertaken by the three Officers of the organisation (Chairman, Deputy Chairman and Treasurer) supported by a Council of Trustees which currently has 6 members.

There are a number of activities to which the Council would like to devote more time than it can at present because of this shortage of resources. Such things as representing the Friends at local /national railway events, raising funds from other organisations to help us support STEAM financially, organising and publicising a varied programme of lectures could be done so much better if the current Trustees were to be joined by other willing pairs of hands.

WHY CAN'T YOU HELP?? Age, education and working background are much less important than an interest in the future of the Friends, a commitment to get involved, the ability to join our monthly Council meeting and to share in the workload. For more information, please contact **any of the current Directors/Trustees or email** [fosrm@gmail.com](mailto:fosrm@gmail.com)
